

# Help Bring Profitability to Observation

## Crowe Observation Services Program

The Crowe Horwath LLP Observation Services Program fuses hospital revenue cycle functions, utilization management, and clinical behaviors related to observation services and can result in increases in net revenue.

Are you seeing rising observation volumes with decreasing profits on these patients? Getting a patient encounter statused early and accurately is crucial to both patient care and maximizing revenue opportunities. The Crowe Observation Services Program can help your organization to refine processes and identify areas in which net revenue might be improved by:

- Comparing your entity's performance to industry benchmarks and peer data
- Quantifying the financial impact of performance improvements
- Evaluating observation, inpatient, and utilization management processes including:
  - Charge capture tasks
  - Physician advisory functions
  - Recovery auditor contractor programs
- Providing a GAP analysis to illustrate current vs. best practices
- Delivering an action plan for improvements
